

Science Night at Apeel

Attention Santa Barbara area middle schoolers! Youth Innovation Club, Partners in Education, and Apeel Sciences are proud to invite you to a special event, “Science Night at Apeel”. At the event, scientists from Apeel will provide guidance and mentorship to students on their science projects, and will also give tours of their facilities and describe what it is that they do! This event is meant to help showing Santa Barbara area middle and high school students how science works and how it solves many of the world’s problems. Students should come prepared with science project ideas and lots of questions.

Date: 10/17/2018

Time: 5pm-7pm

Location: 71 S Los Carneros Rd, Goleta, CA 93117

Online Registration is required by October 12th

<http://partners.sbceo.org/sciencenight2018/>

Students participating in the event should bring any materials related to their science projects for which they would like to share or receive feedback.

Apeel Sciences is a company that’s fighting the global food waste crisis by utilizing nature’s approach to preventing waste in the first place — a sustainable approach to the world’s growing food demands. Apeel’s plant-derived products help USDA Organic Certified and conventional fresh food growers, suppliers and retailers improve produce quality and slow spoilage, which minimizes food waste from the farm to the kitchen.
